

## Solar \_bollard

Wall lamp, bollard and adjustable spotlight in die-cast aluminum painted in dark grey, with polycarbonate diffuser. Designed for outdoor use, the Solar lamps are equipped with a solar panel that charges the battery (replaceable) and have a high IP rating (IP54 for the wall lamp and bollard; IP65 for the adjustable spotlight). The wall lamp and the bollard are equipped with a dusk sensor that activates the lamp in "energy saving" mode (30 lm, 0.33 W); they are also equipped with a motion sensor that activates the full power mode when movement is detected (returning the light to energy saving mode after 60"). The motion sensor can be disabled, in which case the lamp always emits 50% of the luminous flux.

## Lighting specifications

---

source	LED
type	SMD
total power	2,2 W
power LED	2,2 W
color temperature	3000 K
lumen lamp	143 lm
lumen LED	327 lm
beam angle	68°
CRI	> 80
class	D
motion sensor	SI
seniore crepuscolare	SI

## Electrical specifications

---

voltage	DC 3,7V
batteria	1 cell li-ion battery pack mod. 18650 3,7v - 2200 ma/h
autonomia	full light 2,5/3 h. - microlight 20/25 h.
tempo di ricarica	6 / 8 H.
